My dear Dewan Sahib,

I am writing to you in order to find out whether it will be possible for you to help me in the following matter. My second son Maharaj Kumar Chandikeshwar Saran Singh B.A., is 22 years of age and since getting through his B.A. examination has been working in the State and looking after different departments. But I am advised that he should be sent to some larger State for practical training so as to offer him an opportunity of gaining experience enough to carry on the State Administration with ability. For this purpose I cannot find a better place than Mysore for training. I shall be much obliged if you will kindly let me know whether it will be possible for you to take up and make suitable arrangements for placing him under competent officers in different branches of the service and whether in that case, proper residential arrangements can be made for him. I am sorry to trouble you but the matter is such, as I cannot approach any one else for help.

Since then he has decided to go to Mysore some time in the month of May, 1937. He intends to bring his family including the children and about 25 attendants both males and females. His stay will depend mostly on the length of training in all the branches of the administration including Forest, Excise, Revenue, Zamindari, Civil Criminal and general departments but it is expected that the least period would be about six months.
